

THE EMBODIMENTS OF THE INVENTION IN WHICH AN EXCLUSIVE  
PROPERTY OR PRIVILEGE IS CLAIMED ARE DEFINED AS FOLLOWS:

- 5     1.     A light therapy device comprising:  
         an outer housing including an opening;  
         a light emitting assembly in the housing and operable to emit light through the  
         opening in the housing, the light emitting assembly including a plurality of  
         LEDs capable of generating 2,500 lux to 7,500 lux at 12 inches.
- 10           2.     The light therapy device of claim 1 wherein at least some of the LEDs are  
         capable of emitting white-light.
3.     The light therapy device of claim 1 wherein a diffuser screen of light diffusing  
15           sheet material is positioned over the LEDs.
4.     The light therapy device of claim 1 wherein the housing accommodates a  
         therapy calculator for determining a treatment regime based on an input of  
         information.
- 20           5.     The light therapy device of claim 1 wherein the housing includes a first  
         member and a second member, the first member and the second member being  
         releasably locked together and the light emitting assembly being storable in  
         the first member and being mountable on the housing such that the housing  
25           acts as a base to support the light emitting assembly.
6.     The light therapy device of claim 5 wherein the first and second members are  
         pivotally connected.
7.     The light therapy device of claim 6 wherein the light emitting assembly is  
30           mounted onto the first member and the second member forms a base for  
         support of the first member.
